About me:

Art director, illustrator, creative producer (animation & video).
I graduated in London at the University Of the Arts London
(LCF - London College of Fashion) majoring in 'product
development in fashion and design'.

After years of working in the field of design and communication
between the United Kingdom and Italy, I specialized in 2D animation
at NAS - New Animation Sardegna of the Sardegna Film Commission Foundation.
To date I carried out illustration base and animation/video work for clients and international
organizations including, Fremantle UK, 2CreateFilm, United Nation Development Program,
Zouzounia TV, Global Radio UK, Lively Agency.
I currently works as a freelancer in Cagliari
I also worked with Carolina Melis on the award winning short animated film
S'Ozzastru, produced by Nical Films, and the 'Stay with me' animal welfare campaign, voiced
by actress Caterina Murino.

Style: I love conceptual illustrations, rough brush strokes and black ink blended in with
blocks of colours. I'm a big fan of Saul Bass minimalistic style.

s'ozzastru

a film by Carolina Melis

a Nical Films production
written by Elisa Guidelli
voice and music by Claudia Aru
music by Sebastiano Dessanay

I've worked along the film director Carolina Melis, developing the style and mood of the film, working on the historical research, concept and storyline, illustrating the storyboard and animating a couple of scenes. www.sozzastru.com

This is the story of a thousand-year-old tree, resilient ambassador of Nature and silent witness of History. The lives of men and women slip under its fronds, often unaware of how much their existence depends on its presence. This is the story of s'ozzastru and of the generous and solid land that welcomed it.

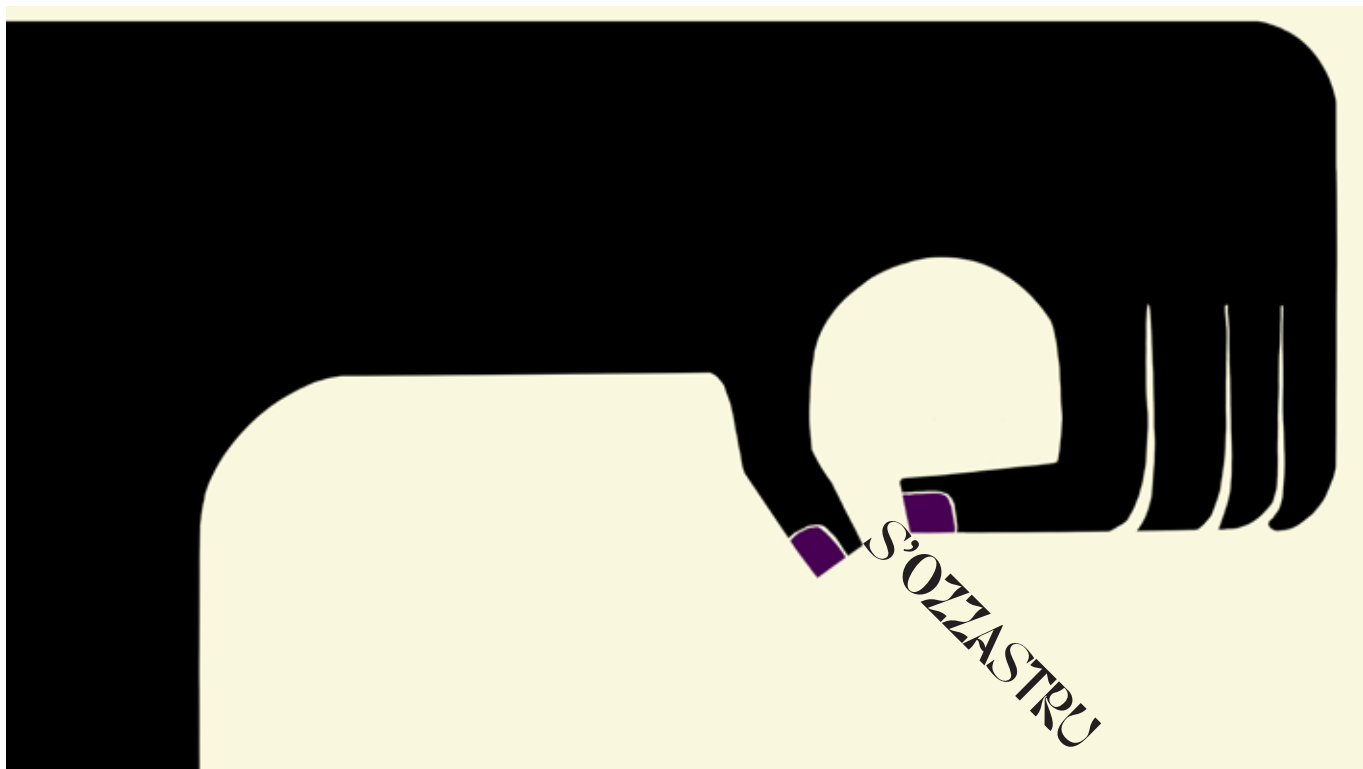

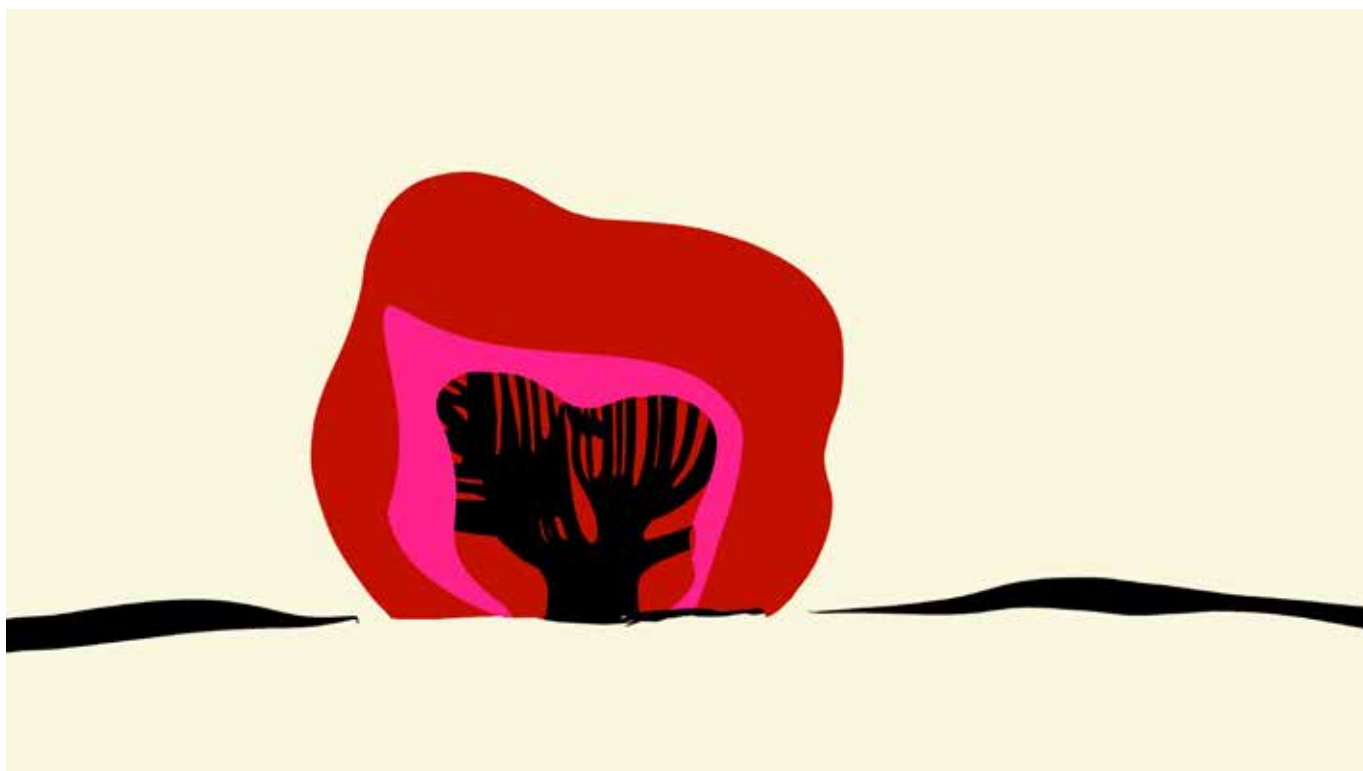

S'OZZASTRU

S'OZZASTRU

I worked on the concept development, visual script, storyboard, style frames and the animatic.

Stay with me:

An awareness project dedicated to the lives of many unjustly abandoned animals.

This is the spirit of the new "STAY WITH ME" campaign dedicated to the fight against straying.
